

# **Please take your temperature and check your health to prevent the spread of new coronavirus infection.**

We conduct body temperature measurement and health check for all passengers on board. Please follow the guidance of the staff at the port, after the group members are all together.

※We refuse boarding, if you can't cooperate with body temperature measurement and health check.

Please note that these guests will be refused admission for the initial symptoms of the new coronavirus.

①Person who has a fever more than 37.5 degrees.

②Person who has excessive fatigue or breathlessness (=hard to breathe).

## **Thank you for your understanding and cooperation.**
